

## OZARK STOCK SHOW

OCTOBER 4-9

Exhibition to be Held at Springfield. \$10,000 in Premiums to be Given.

Men who are interested in the development of the dairy and livestock interests of the Ozark Country will be glad to learn that plans have been made for a bigger and better Ozark Stock Show to be held at Springfield this year, the week of October 4-9. Those who attended the first Ozark Stock Show last year were surprised at the attendance of nearly 50,000 people and more than 700 head of registered livestock that were on exhibition.

This year preparations are being made to handle much larger crowds and a still heavier display of the best livestock which this region can produce. Coming as it does late in the season this date will allow the winners from the various local county fairs in this district to meet for one final contest of the season. Not the least interesting of the plans for the Stock Show is the fact that a \$10,000 premium list is being offered and that a new show pavilion some 300 feet long will be erected for the exhibitors.

Visitors who attended the Stock Show will not only see the best stock in this country but in addition a most interesting circus, which will be free to all visitors and include a string of genuine elephants, some aerial and acrobatic performances, a crack military band and a number of thrilling and amusing specialties. Premium lists will be available in a short time. Those wishing more detailed information should write to H. R. Nelson, Manager Ozark Stock Show, Springfield, Mo. Mr. Nelson urges that all who have good beef cattle, dairy cattle, swine or sheep begin fitting them now in order that they may be exhibited next fall in the pink of condition, so that visitors who will assemble from far and near will know what really good livestock the Ozark Country has.
